CPD Overview

Burmatex® is a UK manufacturer of creative flooring: contract carpet tiles, planks and sheets, offering a high quality range spanning tufted, structure bonded and fibre bonded carpets, supported by specialist barrier and entrance matting products. Focusing on innovative design and flexible manufacturing, Burmatex® products offer creative yet practical choices to architects, specifiers, end users and contractors across a wide variety of sectors including education, leisure, accommodation, commercial interiors, healthcare and public buildings.

Available CPD Material (1)

**Carpet Tiles: from Manufacture to Specification**

This seminar looks at how to evaluate carpet tiles performance characteristics and environmental qualities. It will help you to understand the following topics:

- How the component materials and manufacturing processes of carpet tiles impact on durability
- The different structural elements of carpet tiles and how these impact on performance and appearance
- Carpet tiles within the spectrum of responsible flooring solutions
- The main international environmental standards for building materials that apply
