CPD Overview

Trimo UK Ltd. is a building envelope contractor that was established in 2001 and is part of a multi-national company, Trimo Group, which sells its products and services across more than 60 countries worldwide.

The company's core business is the manufacture and supply of architectural façades, walls and roof systems for a variety of building applications throughout the United Kingdom and Ireland.

Available CPD Material (3)

Burning Issues: An Understanding of Fire Performance of Sandwich Panels/Facades

This seminar is about the fire performance of composite cladding panels for building facades. It will help you to understand the following issues.

- The requirements of the Building Regulations Part B
- Insurance requirements and principles
- Fire tests and relevant standards including BS 8414 and EN 13501-1
- Issues around boundary conditions
- Issues around buildings in excess of 18m
- External surface requirements
- Issues around installation

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**
Health, safety and wellbeing

Knowledge level: General Awareness

Burning Issues

This seminar provides information about composite cladding and systematic solutions.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

From Composites to Unitised - A New Generation of Total Wall Solution

Understand and work to material parameters
ensure material dimensions are taken into account when setting out modular grids

- Understand and work to manufacturing parameters
- Ensure production process parameters are considered when considering modular layouts
- Understand and optimise a products capability
- Ensure the structural span and thermal requirements are coordinated
- Understand the economy of scale
- Ensure, whenever possible, a consistency of dimensions is built into the design

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness
