## Available CPD Material (4)

---

Multiple formats

### Roof Windows in Modern Construction

Book this CPD to gain an understanding of the key features and considerations when specifying roof windows and rooflights.

During the CPD session, we will cover:

- Types of roof window
- Safety and security in roof windows
- Relevant certification
- Ventilation and glazing
- Thermal performance
- Super energy-efficient windows
- Flashing kits

Material type: Online Learning, Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

---

### Roof Window Solutions and Fire Escape

This seminar will look at roof window solutions and fire escape, a better understanding of roof windows and solutions, new solutions to customer requirements, technical information, building regulations and more.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**  
**Health, safety and wellbeing**  
**Legal, regulatory and statutory compliance**

Knowledge level: General Awareness

---

### Roof Windows, Sustainability, Security and Safety

Sustainability, security and safety of roof windows with respect to code for sustainable homes, Eco Homes and Eco Build, benefits that can be employed through using the roof space. Safety using the "topSafe" security system for the roof windows and safety with regards to the recent changes and introduction of EN13049.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**  
**Legal, regulatory and statutory compliance**  
**Sustainable architecture**

Knowledge level: General Awareness
