CPD Overview

EBD as a top-tier manufacturer of bespoke steel doors, offers comprehensive support and solutions for complex projects. Committed to a compliance program of testing and certification, our doors are safe and secure with full traceability.

EBD are system-driven and environmentally conscious, with manufactured doors that deliver exceptional functionality and performance in fire resistance, acoustics, security and escape doors.

EBD understands that every project is unique, working closely with all stakeholders from initial specification to project completion and ongoing maintenance always ensuring hassle-free continuous engagement.
