CPD Overview

Parklex Prodema offers a large range or products all produced with real wood veneer that, thanks to it's own technology, they do have an unique ressistance, that the wood does not have by itself.

The exterior range of products offers a large range of sustainable solutions that are suitable for cladding, soffit and decking application. All of them maintenance free and with a 10 year warranty.

As we work with wood, a renewable and recyclable resource. , sustainability is an important topic for us. All our raw materials are either PEFC or FSC certified.

We strive on a yearly basis to make progress in an increasingly responsible and respectful way with the environment and people. To this end, we provide certificates that guarantee good practises throughout the entire life cycle of our products.

We produce materials that have a long life and are respectful with the environment and people, so that they can play a part in your project, either for outdoor façades, slat system, soffit and decking, as well as indoor walls, ceilings and floors.

Products designed and manufactured to help you to improve your building's environmental impact.

Available CPD Material (1)
