## CPD Overview

---

---

**Available CPD Material (1)**

---

Multiple formats

**Acoustic Separating Floors**

This seminar is about reducing sound transmission in buildings and the design and specification of acoustic separating floors. It will help you to understand the following topics:

- Sound levels, types of sound and the effects of sound in buildings
- How to design and specify separating floors to comply with Building Regulations Approved Document E
- Flooring systems available for different methods of construction and how to comply with Robust Details
- Acoustic requirements for change of use of buildings
- The pitfalls of incorrect installation

This CPD can be delivered to you live and remotely.

Material type: Online Learning, Seminar

RIBA Core Curriculum: **Design, construction and technology**  
**Legal, regulatory and statutory compliance**

Knowledge level: General Awareness

## Classifications

---

### Subject/Product Areas (CI/SfB)

#### Structure

Floors, including beams > Floor decking - metal  
Floors, including beams > Floor decking - timber, glass, non-metal  
Floors, including beams > Floor beams - steel  
Floors, including beams > Floor beams - timber  
Floors, including beams > Floor beams - precast concrete  
Floors, including beams > In situ concrete floors  
Floors, including beams > Floor insulation

#### Finishes

Wall finishes: internal > Composite wall lining systems

#### General products

Rigid sheets, boards > Building boards  
Rigid sheets, boards > Wood fibre boards etc  
Rigid sheets, boards > Wood particle boards

### RIBA Core Curriculum areas

#### Design, construction and technology

Knowledge level: *General Awareness*

#### Legal, regulatory and statutory compliance
