CPD Overview

Graitec Limited is one of the leading Autodesk UK partners. As a platinum VAR and supplier of Autodesk software in the UK, we are in the top 1% of Autodesk's worldwide partners. Established in 1982, our experience has allowed us to provide exceptional service, support and assistance to our customers to evolve their businesses, whether small-to-medium size enterprises (SMEs) or large scale corporations.

Graitec provides complete CAD packaged solutions with networks, hardware and occasionally required customisation for revolutionary approaches to BIM and Digital Prototyping to various sectors.

As an Autodesk Authorised Training Centre, we offer CAD courses and CAD training to the highest standard through our specialised training facility or in the client's work environment.
